# Fixed rate aeronautics packages

For any flights in an aircraft with a maximum take-off weight under 6 tons (general, private or business aviation) and on prior request with the company "Aéroports du Grand Ouest", aeronautical fees may be billed on a fixed rate package basis with a biannual or annual periodicity (available with a flight per month minimum).

The fixed package rate includes mainly the landing fee; Parking fee may be part of it on specific request from the customer. The calculation of this fixed package rate will be based on an estimated and declared program of flights and on the basis of the current prices list of landing and parking fees. Agreement on this fixed package rate involved a 30% reduction on the landing fee so calculated. The integration of parking fee in the fixed package rate does not involve any specific reduction.

Passenger fee, and parking fee if not included in the fixed package rate, will be charged on supplement.

Agreement on the fixed package rate is subjected on the condition of a re-sending under 15 days of the « Bon pour accord » signed by the beneficiary. In case of non respect of this duration, landing and parkings fees will be charged on the basis of the current and published rates for the concerned period

For any further information, contact the accounting department.
